### CLASSIFICATION AND COMPENSATION PLANS

#### Policy 5.1. CLASSIFICATION PLAN.

- A. SUBJECT. Inventory of employee positions.
- B. PURPOSE. The classification plan provides a complete inventory of all positions in the Town service as well as accurate descriptions for each class of employment. The plan standardizes titles, each of which is indicative of a range of duties and responsibilities and has the same meaning throughout the classified service.
- C. POLICY. It is the policy of the Town to clarify the duties and responsibilities of the Town employee through use of a classification plan. The classification plan consists of:
  - 1. A grouping into classes of positions which are or approximately equal difficulty and responsibility, which require the same general qualifications and which can be equitably compensated for within the same pay range under similar working conditions.
  - 2. A class title, descriptive of the work of the class, which shall identify each class.
  - 3. The classification plan may be coordinated with or overlay the compensation plan.
- D. PROCEDURES.
  - 1. Class Title - Class title shall be used in all official Town records. No person shall be appointed to, or employed in a position in the classified service under a title not included in the classification plan.
  - 2. Uses of the Classification Plan
    - a. In determining lines of promotion and in developing an employee training program
    - b. In determining salaries which are the Council's goal to pay for various types of work.
    - c. In preparing announcements for examination.
    - d. As a guide in preparing examinations which will measure the qualifications needed to perform the work of the class.
    - e. In determining personal service budget items.
    - f. In providing uniform job terminology which is understandable by Town officials, employees, and general public.
  - 3. Maintenance of the Classification Plan - The Town Manager is charged with the responsibility for the proper and continuous maintenance of the classification plan so that it will reflect on a current basis the duties being performed by each employee in the Town service. The administration staff shall recommend to the Town Manager any necessary amendments to the plan in the form of new classes and the abolishment of classes no longer required in the plan.

Re-allocations of positions within the approved classification plan shall be made as follows:

- a. The Town Manager shall make or cause to have made a study of each new position as it is created, and on the basis of the study, place the position into the appropriate class within the classification plan.
  - b. Changes in the duties and responsibilities of a position involving either the addition of new assignments or the taking away or modifying or existing assignments shall be reported to the Town Manager by the Department Heads. If these are determined to be permanent, or more than minor changes which justify the re-allocation to a different classification, the Town Manager shall place such position in its appropriate class.
  - d. The Town Manager shall periodically cause to have reviewed the classification of positions, and upon the basis of investigation make appropriate changes in the allocations to the classification plan
  - d. An employee affected by the allocation or re-allocation of a position in the classification plan shall be afforded a reasonable opportunity to be heard by the Town Manager after filing a written request. The Town Manager, after hearing the facts of the case, shall render his decision and such decision will be reported to the employee and to the Department Head in writing.

Policy 5.2 COMPENSATION PLAN.

- A. SUBJECT. Creation of a compensation plan.
- B. PURPOSE. To provide a plan for compensation of Town employees.
- C. POLICY. To promote uniform application of compensation so jobs within the classification plan and compensation are administered in a uniform manner. The Compensation Plan shall include:
  - 1. A basic table of pay rates.
  - 2. The schedule of salary grades for each title in the classification plan consisting of minimum and maximum rates of pay and intermediate steps. Each employee shall be paid at one of the rates set forth in the pay plan for the class of position in which he/she is employed.
  - 3. The compensation plan may be coordinated with or overlap the classification plan.
  - 4. The compensation plan includes levels of compensation that the Town would like to offer employees and plans to offer if funds are available but all raises and salaries are subject to budget consideration. If the Council determines there are insufficient funds to stay within the plan, it may change the salary grades.
- D. PROCEDURE.
  - 1. Development and Maintenance of Salary Grades - Salary grades shall be linked directly to the position classification plan and shall be determined with due regard to the following considerations:
    - a. Grades of pay for other classes.
    - b. Relative difficulty and responsibility of positions in the class.
    - c. Availability of employees in particular occupational categories.
    - d. Cost of living factors; the financial policies of the Town, other economic conditions; and budgetary constraints.

The minimum and maximum of each salary grade shall be those rates in the basic salary schedule which most nearly reflect these conditions and factors.

- 2. Salary Grades - Salary grades are intended to furnish administrative flexibility in recognizing individual differences between positions, in providing the employees with incentive in rewarding employees for meritorious service and longevity, and in meeting emergency conditions requiring pay adjustments. Prior to the preparation of each annual budget, and at other times as may be necessary, the Town Manager shall make cause to have made such comparative studies as he deems to be necessary relative to the factors affecting the level of salary ranges.
- 3. Salary Increases based upon merit – Except for cost of living increases which may be considered by the Town Manager on an annual basis, salary increases within appropriate pay grades shall be on the merit and fitness of the employee. A Department Head may recommend salary increases of more than one step and more frequently than once in a twelve-month period by preparing a special personnel evaluation specifying the employee's exceptional performance. Salary increases or decreases resulting from the overall adjustment of salary grade shall not prevent

increases within a grade in accordance with this section. Any salary increases must be within the budget for the year for the department in which the increase occurs.

4. Entrance at the Minimum

- a. Normally the minimum rate of pay for the class will be paid to a qualified person on his original appointment to a position. However, the Department Head may submit, in writing, to the Town Manager a statement of unusual circumstances that may exist which warrant employment at a higher rate in the pay grade.
- b. A trainee may be hired below the minimum rate of pay for the class. An employee designated as a trainee will be so identified by the placement of a parenthetical immediately preceding his/her class, e.g., (T) Secretary II.

Upon satisfactory completion of probationary period, the pay grade of a trainee may be adjusted to the minimum rate of pay for the class upon the recommendation of the Department Head.

5. Pay Rates in Transfer, Promotion or Demotion

- a. If the employee is promoted to a class with a higher pay grade, he/she should be placed in that step of the new pay grade which provides for at least an equivalent dollar amount to what the employee was making at the lower classification plus an increase of up to one step in the pay grade for the new class.
- b. If any employee is transferred to a class of work in the same pay grade or less, the employee should receive no salary increase at the time of the change.
- c. If the employee is demoted into a class of a lower pay grade, he/she should be placed into an appropriate step within the new pay grade as determined by the Department Head concerned.

6. Pay for Part-time Work - Whenever an employee works for a period less than the regular established number of hours per day, days per week, or weeks per month, the amount paid shall be proportionate to the time actually employed for the class. This provision does not apply to executive or administrative employees.

7. Hourly Rate - The Town Manager may determine what hourly rates of pay are to be used for certain individual positions within classes that are normally paid on a salary basis, when conditions of employment, in his opinion, warrant such action. The position description does not constitute an employment contract between the Town and the employee and is subject to change as the needs of the Town and the requirements of the job changes.

8. Cost of Living Increases – Cost of living increases may be considered by the Council on an annual basis based upon increases in the cost of living if the Council determines the Town is financially able to make such a salary increase. A cost of living increase shall be applied across the board to all salary grades in the same percentage.

C. POLICY. All employees are covered by State Worker's Compensation, a program of insurance to protect workers, their families and dependents from loss due to an accident or illness caused on the job.

D. PROCEDURE.

1. The program provides for payment of medical bills, physical and vocational rehabilitation, and financial compensation while the worker is disabled—either temporarily or permanently—and is unable to work. It also provides for lump sum payments for particularly serious injuries such as the loss of a finger, eye, foot, etc., and assures death benefits and compensation to the worker's family or dependents in the event the injury is fatal.

2. Any employee involved in an injury or an occupational illness as defined by the Florida State Worker's Compensation law, must report the incident to his/her immediate supervisor or Department Head within the same shift or as soon thereafter as possible. The affected employee may also file an application for Worker's Compensation in accordance with applicable laws, rules or regulations. a. If the authorized physician for an employee, who suffers a work-related injury, sets forth in writing that the injured employee is able to return to work with some restrictions or modifications to the employee's job duties, on a temporary basis (thus the employee has not reached maximum medical improvement), the Town will attempt to provide light duty or modified work for the employee, if possible. Some, but not all positions, may be able to be modified.

b. The Town is not required to create light duty positions for workers' compensation injuries. However, if an employee who suffers from a work-related injury is in a position that is able to be modified for light duty or the employee is offered a light duty position for which the employee is qualified, the light duty or modified position will be for a maximum of ninety calendar (90) days for workers' compensation purposes. Other laws may require an extension of this time period.

c. If the need for the restriction or modification exceeds ninety (90) days, the position is not able to be modified to comply with the physician's restrictions, and/or the employee is not qualified for a light duty position, the employee may be placed on leave of absence, if eligible and applicable, and only to the extent required by law.

d. If an employee refuses to accept to work in a modified position or another position that complies with the physician's restrictions, the employee may lose his/her workers' compensation benefits and may be terminated from his/her

employment.

3. Hours lost due to the injury or occupational illness should be reported on the employee timesheet as "wc" and such hours will not be charged against the employee's accrued sick leave, vacation leave, or other compensated leave time available but will be paid for the first seven (7) calendar days until the Worker's Compensation claim has been processed. Once the eligibility for payment under Worker's Compensation has been approved by the insurance company, the employee should endorse his/her benefit check to reimburse the Town for wages paid during the employee's initial absence prior to approval. At the same time, any leave used for the injury or illness will be reinstated to the employee's record by the Town. No employee shall receive sick leave or use vacation time as a result of a job injury, illness or disease incurred while employed by another employer.

Allowing accrual of sick leave promotes this policy. It is also the policy of the Town that employees should receive paid sick leave concurrently with eligible leave given pursuant to the Family And Medical Leave Act as long as the employee has paid sick leave available.

Failure to comply may result in the absence being charged as leave without pay. Additionally, sick leave taken immediately before or after a holiday may require a certificate from a physician.
- g. Extended Illness - In cases of extended illness where the employee cannot reasonably be expected to return to work, based on the opinion of the attending physician, and also at the expiration of all sick and vacation time to the credit of the employee, the Town Manager may authorize advance sick leave, not to exceed a six working day period. No further advance of sick leave may be made without the approval of Town Council. Sick leave so advanced shall be entered on the employee's leave record and sick leave earned after return to work shall be credited to the advance leave until accrued leave credits equal the amount of sick leave which has been advanced. - h. Donation of Sick Leave to Fellow Employees - Any employee is not required to but may voluntarily donate accumulated hours of sick leave credits to a fellow employee when such employee is experiencing long term illness and has used all of his/her own sick leave credits and vacation leave credits. OTHER PERSONNEL RELATED SUBJECTS

Policy 8.1. Open Door Policy

- A. SUBJECT: Open Door Policy.
- B. PURPOSE. To establish direct line of communication with Department Heads and Town Management.
- C. POLICY. The Town of Windermere welcomes open communication between employees and Department Heads because the Town believes that open, honest communications between employees and management leads to a productive, healthful, and enjoyable place to work, and makes interference by third parties, such as unions, unnecessary, counterproductive, stressful, and alienating. The Town will strive to keep employees informed of the Town activities. The Town believes employees should have a method to express their opinions, to present and discuss complaints and misunderstandings, and to receive information on matters concerning employees jobs and interests.

The Town expects that all its employees will treat others the way they would like to be treated. Even so, misunderstandings do occur. For this reason, the Town encourages its employees to seek assistance or help from his/her Department Head on any matter that may be troubling to the employee.

The Town believes that most issues can be quickly and satisfactorily resolved by the employee and supervisor. The Employee is directed to discuss the issue with the Department Head first. Policy 8.19. HARASSMENT.

- A. SUBJECT: Policy concerning harassment.
- B. PURPOSE. To establish policy prohibiting all forms of harassment. To define procedure for reporting harassment. To establish guidelines for administration of discipline.
- C. POLICY. The Town is committed to the principle that all employees have the right to work in an environment free of discrimination and any form of unlawful harassment based on race, color, religion, age, sex, national origin, disability/handicap, marital status or other protected classification. To help ensure that no employee feels himself/herself to be subject to discrimination or unlawful harassment, Town prohibits any offensive physical, written, or spoken conduct regarding any protected trait, including conduct of a sexual nature, off-color jokes, racial, ethnic, or religious slurs or innuendos (the "Conduct").

Offensive Conduct of a sexual nature may constitute harassment when engaged by someone employed by Town in a position to influence employment decisions when (1) submission to such conduct is made, either expressly or implicitly, a condition of the recipient's continued employment; or (2) submission to or rejection of such conduct by the recipient is used as the basis for employment decisions affecting the recipient. As used in this Policy Statement, the term unlawful harassment may, depending on the particular circumstances, consist of the following:

- (i) Unwelcome or unwanted advances, including sexual advances. This means patting, pinching, brushing up against, hugging, cornering, kissing, fondling or any other similar physical contact considered unacceptable by the other individual.
- (ii) Requests or demands for favors, including sexual favors. This includes subtle or blatant expectations, pressures or requests for any type of favor, including a sexual favor, accompanied by an implied or stated promise of preferential treatment or negative consequences concerning one's employment status.
- (iii) Verbal abuse or kidding that is oriented toward a prohibited form of unlawful harassment, including that which is sexually oriented and considered unacceptable by another individual. This includes, for example, commenting about an individual's national origin, race, color, body or appearance where such comments go beyond mere courtesy; telling "dirty jokes" or racial or ethnic jokes that are unwanted and considered offensive by others; or any tasteless sexually, ethically or racially oriented comments, innuendos or actions that offend others.
- (iv) Engaging in any type of sexually oriented conduct or other prohibited form of unlawful harassment that would unreasonably interfere with another's work performance. This includes extending unwanted sexual attentions to someone that reduces that person's productivity or time available to work at assigned tasks.
- (v) Creating a work environment that is intimidating, hostile, abusive or offensive because of unwelcome or unwanted conversations, suggestions, requests, demands, physical contacts or attentions, whether sexually oriented or otherwise related to some other form of harassment.

Town will not tolerate prohibited harassment, including sexual harassment, of its employees by anyone, whether managers, supervisors, other staff members or guests.

Town also prohibits repeated and unwelcome physical, written or spoken Conduct by either a supervisor, manager, Department Head, or any fellow employee that substantially interferes with an individual's work performance or creates what a reasonable person could consider to be an intimidating, hostile, abusive or offensive working environment. Any such Conduct to or by not only fellow employees but also guests, vendors citizens, or visitors of Town, will be cause for immediate investigation upon report of such offensive Conduct or situations to the Department Head or Town Manager. In addition, the same prohibition of discrimination or harassment applies to all employees of Town who act on behalf of Town as vendors, contractors, consultants and others who spend time on the premises of Town.

If an employee believes that he or she is being subject to any of the foregoing forms of harassment or believes that he or she is being discriminated against because other employees are receiving favored treatment in exchange, for example, for sexual favors, he or she must bring this to the attention of a Department Head or the Town Manager in order for Town to look into the matter. The very nature of harassment makes it virtually impossible to detect unless the person being harassed registers his or her discontent with the Department Head or Town Manager. Consequently, in order for Town to deal with the problem, employees must report such offensive conduct or situations to the Department Head or Town Manager.

Harassment or discrimination is not always capable of precise definition. For example, what may be unwelcome sexual harassment to one person could be nothing more than socializing, teasing, locker room banter, or flirtation to another person. Therefore, Town must treat all complaints seriously and admonishes all employees to guard against any conduct that tends to cause discomfort or harassment to another employee, even though one might not believe it to be offensive.

Any supervisor or manager who suspects or becomes aware of possible discrimination or sexual or other unlawful harassment must promptly advise the Department Head or Town Manager, unless the matter involves the Department Head, then it must be reported to the Town Member, and if it involves the Town Manager then it must be reported to the Town Council Administrative Liaison.

If the investigation discloses a violation of this policy, appropriate action from counseling to reprimand or dismissal may result depending on the circumstances of the situation. A record of the complaint and summary of the findings will become a part of the complaint investigation file and the file will be maintained separately from the personnel file. Town will urge all employees who are involved in the investigation to respect the privacy of both the complaining employee and the alleged wrongdoer so as not to impair the careers or reputations of either. All parties must be aware of the seriousness of such complaints and the damage that can be done to everyone concerned. Therefore, to the extent possible, the privacy of the employee under investigation and those who assist in the investigation shall be respected at all times. All persons must recognize that false accusations of harassment (including sexual harassment) can have serious effects on innocent individuals.

Any person electing to utilize this complaint resolution procedure will be treated courteously, the problem handled swiftly and confidentially, and the registering of a complaint will in no way be used or held against the employee, nor will it have an adverse impact on the complaining individual's employment status. Employees must also report any future occurrences of the complained of actions, or similar actions, and advise the Department Head or Town Manager if they feel they are being retaliated against for reporting any action under this policy.

The complaining employee must understand that confidentiality of the complaint involving the substance of the allegations cannot reasonably be expected due to the very nature and process of the investigation of the complaint. Nonetheless, due to the serious nature of harassment

complaints, Town will make an effort to restrict the dissemination of the complaint to those having a need to know.

We urge all employees to report any improper behavior as set out in this policy. Unless Town knows of a problem, it cannot take steps to resolve it.

It shall be the responsibility of each employee to abide by the rules and regulations contained in this policy, and it shall be the responsibility of the affected Department Head to see the policy is applied in an equitable manner and adhered to by all employees.

9. Complaints of violation of the policy should be directed to the Department Head responsible for the particular work area or facility involved in the complaint. B. PURPOSE. The purpose of this policy is to establish guidelines for ethical standards of conduct which shall govern Town employees in the performance of Town business and the duties of their respective jobs. This policy is intended to provide positive direction to Town employees in order to prevent potential conflicts of interest.

This policy is not all-encompassing in its definition of conflict of interest. The “prudent man” theory can and will be applied: action deemed inappropriate by a reasonable person, whether specifically cited in this policy or not, will be subject to inquiry.

C. POLICY. It is the policy of the Town that no Town employee shall engage in any act which is in conflict, or creates an appearance or conflict with the performance of official duties. An employee shall be deemed to have a conflict if the employee:

2. The employee will be guided in interpretation of this section by the distinction between a gift, gratuity, favor, given or received, which has significant monetary value and is offered or accepted in expectation of preferential treatment, and an expression of courtesy. Examples of acceptable courtesies include: a meal or social event; exchanges of floral offerings or gifts of food to commemorate events such as illness, death, birth, holidays, promotions; a sample or promotional gift of nominal value (\$25 or less).
3. Participates in his/her capacity as a Town employee in the issuing of a purchase order or contract in which he/she has a private pecuniary interest, direct or indirect, or performs in regard to such contract some function requiring the exercise of discretion on behalf of the Town.
4. Engages in, accepts employment from, or renders services for private interests for any compensation or consideration having monetary value when such employment or service is incompatible with the proper discharge of official duties or would tend to impair independence of judgment or action in performance of official duties, or give the appearance of the above.
5. An employee should not make a unilateral decision, if there is any doubt about his/her private employment. The Town Manager’s office should be consulted.

6. Except for courtesies as provided in item "b" above, no employee shall, directly or indirectly, give or receive, or agree to receive any compensation, gift, reward, commission, or gratuity from any source except the Town for any matter directly connected with or related to his official services as such employee with this Town.
7. Discloses or uses without authorization confidential information concerning property or affairs of the Town to advance a private interest with respect to any contract or transaction which is or may be the subject of official action of the Town.
8. Have a financial interest or personal interest in any legislation coming before the Town Council and participates in discussion with or gives an official opinion to the Town Council unless the employee discloses on the record of the Council the nature and extent of such interest.
9. Use of public property. No employee of the Town shall request, use, or permit the use of Town-owned vehicles, clothing, equipment, materials, or other property for unauthorized personal convenience, for profit, for private use, or as part of secondary employment. Use of such Town property is to be restricted to such services as are available to the Town generally and for the conduct of official Town business.
10. Authorized personal uses include taking an assigned Town vehicle to lunch on workdays as needed, use of a Town copy machine at cost, stopping to run personal errands when the destination point is in conjunction with official or authorized business, and other nominal personal uses as permitted by the Town Manager on a case-by-case basis.
11. Political activities:
  - a. No Town employee may use Town time or property in any manner to promote any political issue or candidate, or to solicit funds for any political purpose or to influence the outcome of any election.
  - b. No Town employee shall be eligible for appointment or election to any public office when the holding of such office would be incompatible or would substantially interfere with the discharge of official duties.
12. Discipline. Any employee who is found to be in violation of this policy may be subject to disciplinary action up to and including termination from employment. Depending upon the seriousness of the action, other appropriate civil or criminal sanctions may also be pursued.
13. Definitions.
  - a. Interest. Interest is in any direct or indirect monetary or material benefit accruing to a Town employee as a result of a contract or transaction which is or may be the subject of an official act or action by or with the Town (except for such transactions which would confer similar benefits to all other persons and/or property similarly situated). employee; provided that a contractual obligation of less than \$500 or a commercially reasonable loan or purchase made in the course of ordinary business shall not be deemed to create a conflict of interest.

- b. Immediate Family. Family includes spouse, child, parent, parent-in-law, brother, sister, grandparent, son-in-law, daughter-in-law, and grandchildren. Family also includes other persons residing in the employee's residence or are financially dependent upon the employee.

Policy 9.4. CAUSES FOR DEMOTION, SUSPENSION OR DISMISSAL.

- A. SUBJECT. Causes for demotion, suspension or dismissal.
- B. PURPOSE. To establish expected standards of conduct and outline disciplinary action which may be taken for certain types of offenses.
- C. POLICY. The Town generally adheres to the concept of progressive discipline unless the Town Manager determines that the employee's conduct requires immediate termination. This means that the Town will take appropriate action based on the seriousness of the situation and the circumstances. Discipline, less than termination, may take the form of a verbal or written warning, a performance appraisal indicating substandard performance in one or more areas, probation or suspension. Which of these options is chosen or whether any of them are used, prior to termination depends on the seriousness of the infraction. The evaluation of the seriousness of the offense will be made solely by management.
- D. PROCEDURE

1. High standards of professionalism and conduct are necessary to preserve Town's image and to ensure a safe, harmonious and productive working atmosphere. All employees are expected to accept certain responsibilities, adhere to acceptable business principles in matters of personal conduct, and exhibit a high degree of personal integrity at all times. All employees should be aware of their responsibilities to Town and to their co-workers.

The Town will address issues such as poor work performance and inappropriate conduct or misconduct to encourage employees to become more productive workers and conform their behavior to standards and expectations. Generally a warning or counseling will be given to employees to explain what behavior has been unacceptable. Should an employee fail to comply with any Town policy, procedure or rule, or should an employee's work performance, work habits, attitude, conduct or demeanor become unsatisfactory in the judgment of Town management, employees may be subject to disciplinary or remedial action which may include a verbal counseling, reprimand or warning, written reprimand, suspension from work without pay or other discipline up to and including discharge. Nothing herein is intended to change the "at-will" status of any employee. Town reserves the right to administer what it decides to be the appropriate disciplinary action and/or counseling for all forms of disruptive and/or inappropriate behavior or conduct. Each situation will be dealt with on an individual basis. In arriving at a decision for the proper action, the following will be considered:

- The seriousness of the infraction
- The past record of the employee
- The circumstances surrounding the matter

To assure orderly operations and to provide the best possible work environment, Town expects employees to follow rules of conduct that will protect the interests and safety of all employees and Town. - xvii. Solicitation or taking for personal use a fee, gift, or other valuable thing in the course of work, or in connection with it, when such fee, gift or other valuable thing, solicited or given to him/her might be construed to be a means of receiving a favor or obtaining better treatment than that accorded other persons either on a present or future basis.
