Old Business

1. Change in scope of Eagle Scout project

Eagle scouts will paint the building. Benjamin Moore has agreed to provide the paint. George recommends keeping both screen doors and he will repair the back door. George discusses rotten soffit boards at Cal Palmer with Scott Brown. Theresa recommends replacing boards with like materials. Project will take place December 20 – 22 and will be adult supervised. George will ask Tom Stroup to assist in building new stairs.

2. Update on Girl Scout project

Girl scout starting scanning project. She's checking out boxes two at a time and working from home.

New Business

1. School house decisions

George discusses the Engineer's recommendations:

- New metal roof – current roof is not original and roof must come off in order to replace the rafters. If roof is taken off, beadboard ceiling doesn't need to come off.
- Replace gable ends
- Replace stairs
- Replace siding
- Horizontal vs vertical siding

Theresa recommends consulting with florida division of historical resources and secretary of interior before moving forward with plan.

George discusses the observations from Marc Black.

Jackie would like to prioritize repair list based on budget.

Theresa believes the original wood is heart pine and should be on record in the master site file.

Hannah recommends separating project into three phases:

1. Roof and Gable
2. Siding, sills and doors
3. Stairs and floor

George discusses Marc Black's recommendation to pull out sidewalk and parking pad. Robert said there are ADA exceptions to look into.

Members agree to keep board and batten exterior.

Hannah recommends getting estimates for heart pine vs cypress.

George will write up the proposed plan in phases to submit for estimates.
