## Major Development – 111 W 5<sup>th</sup> Ave. – Z20-07

Date: August 31, 2020  
Reviewer: Sarah Mastison and Brad Cornelius (Wade Trim)  
Property: 111 W 5th Avenue Windermere, FL 34786  
Parcel No.: 17-23-28-9336-02-891  
Zoning: Commercial  
Owner/Applicant: 111 5<sup>th</sup> Ave, LLC  
Point of Contact: Robert and Lavina Williams

**Description of Request:** The applicant proposes the construction of a commercial building. The subject property was rezoned to commercial by the Town Council on September 10, 2019. A condition of the approval was that development on the subject site would proceed as a major development with reviews and public hearings with the Development Review Board (DRB) and Town Council. In addition, a condition of the rezoning was that the building and site shall be developed consistent with the standards of the Town Center Design Guidelines.

The major development required two (2) public hearings with the Town Council. The September 8, 2020, public hearing is the first public hearing. At the first public hearing the project will be presented and opened for public comment. The Town Council may provide comments or suggestions for revisions to the proposed major development plan. The second public hearing will occur at the Town Council meeting on October 13, 2020, for final consideration.

**Standards:** This Major Development plan was reviewed based on the Town Center Design Guidelines. Where standards were not specifically addressed within the Town Center Design Guidelines, the Town's general code standards were applied.

**Use of Building:** The applicant has stated their intent to utilize the proposed commercial building as a micro-brewery and taproom. The proposed use is under separate review as a conditional use (Case Z19-11).

**Floor Area:** The gross floor areas of the proposed commercial building, per the site plan, is 24.8% , which is less than the permitted maximum.

**Setbacks:**

	Proposed	Required Min.	
Front (South)	20'	15'	<b><u>Compliant</u></b>
Side (West)	15.4'	0'	<b><u>Compliant</u></b>
Side (East)	9.5'	0'	<b><u>Compliant</u></b>

**Building Height:** The height of the proposed building is limited to 35' high. The proposed building is one-story and 21'8" high.

**Awnings:** Awnings are allowed and encouraged in the Town Center Design Guidelines. The proposed elevation sheet shows a proposed metal awning.

**Sign:** The area of any sign cannot exceed 20 square feet. The plans show a proposed wall mounted sign located above the proposed awning. However, the plans indicate the sign will not exceed 20 square feet.

**Landscaping:** The Town Center Design Guidelines does not provide full landscaping standards that would be applicable to the subject property. However, in combination with the Town's code, the proposed development is required to provide the following landscaping standards:

1. A 4-foot wide landscape area in between the building and right-of-way at the base of the building that extends at least 50% of the building frontage. The applicant is not providing the landscaping at the base of the building due to the desire to create a courtyard in the front. However, the applicant is providing landscaping along the front property line in lieu of the landscaping at the base of the building.
2. Stormwater retention area must be buffered. The landscape plans show compliance with this standard.
3. A minimum of 10' wide landscape buffer along the North property line, to buffer incompatible uses and zoning districts. That landscape plans show a landscape buffer along the North property line at 10 feet with plantings.

**Trash/Dumpster Screening:** Applicant stated that the proposed commercial building will utilize the dumpster that currently serves the Windermere Market. The applicant has proposed plans to update and improve the existing dumpster area. The plans show a 6-foot fence that extends into the right-of-way with a two outward swinging gates. Because the proposed dumpster improvements encroach into the ROW of W 5<sup>th</sup> Avenue, these improvements must also be permitted separately as a ROW permit with the Town's Public Works. The applicant is required to provide documentation showing the agreement between the two properties that allows 111 W 5<sup>th</sup> Avenue to utilize the existing dumpster at 428 Main Street and obtain a separate ROW permit for improvements within the ROW of W 5<sup>th</sup> Avenue.

**Septic:** The septic system for the proposed commercial building will be permitted with the Orange County Health Department.

**Potable Water:** The commercial building will be served by Orange County Utilities with potable water.

**Stormwater:** The proposed building will be fully guttered and the water will be discharged to a dry stormwater detention area, as shown on plans. The project engineer certified that the project does not require permitting through the South Florida Water Management District due to its limited size.

**Traffic:** Based on the Institute of Traffic Engineers (ITE) Trip Generation Manual, using the trip generation rates for a "Drinking Place". The 10<sup>th</sup> Edition of the ITE Trip Generation Manual provides that a "Drinking Place" (Code 925) generates 11.36 trips per 1,000 gross floor area in the PM peak hour. For small operations, less than 50,000 gross square feet, the PM peak hour trips may be reduced by 60% to account for primary local traffic to the use. The proposed gross floor area of the proposed building is 3,847 square feet, per the submitted plans. This equates to a PM peak hour trip generation of 17 trips in the PM peak hour ( $3.847 \times 11.36 = 43.7$ ;  $43.7 - 60\% = 17.48$ ). This equates to an increase of 16 trips from the previous single-family home located on the property. The 10<sup>th</sup> Edition of the ITE Trip Generation Manual provides that a single-family home generates 0.99 trips per PM peak hour per unit, or 1 trip in the PM peak hour. The 16 trip PM peak hour is de minimis and is not projected to result in a significant impact to W 5<sup>th</sup> Avenue.

**Parking:** The Town Center Design Guidelines requires 4 parking spaces per 1,000 square feet. The proposed A/C area of the building is 2,519 square feet. This equates to 10 parking spaces. The applicant is providing one (1) handicap parking space on-site. The applicant has provided a justification letter stating that there is a surplus of parking spaces at the adjacent Windermere Market (428 Main St.) that the proposed business would be able to utilize. There are 45 parking spaces in the Windermere Market shopping complex. Based on the square footage of the building, the Windermere market is only required to have 36 parking spaces. This provides a surplus of 9 spaces. Additionally, the hours of operation will not significantly overlap with the businesses in the Windermere Market. There is also a public parking lot to the adjacent property to the west (119 W 5<sup>th</sup> Ave.). Based on the nine (9) surplus parking spaces available at the Windermere Market in addition to the one (1) on-site handicap parking space, the applicant believes the availability of these parking spaces will allow the applicant to provide adequate parking. Based on the Town's code, the proposed development would be required to provide one (1) bicycle parking. The Town's code allows for an applicant to provide required off-site parking on an adjacent property with DRB approval based on the following factors:

1. Proximity of the off-site spaces to the use that they will serve.
2. East of pedestrian access to the off-site parking spaces.
3. Whether or not off-site parking spaces are compatible with the use intended to be served.

4. The location of the off-site parking spaces will not create unreasonable:
  - a. Hazards to pedestrians.
  - b. Hazards of vehicular traffic.
  - c. Traffic congestion.
  - d. Interference with access to other parking spaces in the vicinity.
  - e. Detriment to any nearby use.
5. The developer supplies a written agreement, approved in form by the town attorney, assuring the continued availability of the off-site parking facilities for the use they are intended to serve.

The Town's code for parking requires that on-site parking may not directly connect to the public right-of-way and must be accessed from an internal drive aisle. The proposed handicapped space connects directly to W 5<sup>th</sup> Avenue. The Town's code does allow for the DRB to permit exceptions to this requirement with a finding that the direct access to W 5<sup>th</sup> Avenue will not result in a traffic hazard.

**Loading/Unloading:** The applicant's plans do not show loading/unloading areas. The Town's code requires one on-site loading/unloading area at a dimension of 25 feet long by 10 feet wide. The loading/unloading can be provided on an off-site property, as with the required parking, subject to DRB approval. The applicant is proposing to provide for loading and unloading on the adjacent Windermere Market property, which requires a shared use agreement.

**Architectural Style:** As required by the condition of the rezoning, the building architectural character must be consistent with the architectural style provided within the Town Center Design Guidelines.

**PUBLIC NOTICES:**

Public notices were mailed to property owners within 500 feet of the subject property (33 notices sent). As of August 31, 2020, 89 responses were received. Of the 89 responses, 16 came from residences within 500 feet of the subject property: 8 in support and 8 in opposition. Of the total 89 responses received, 80 were in support and 9 were in opposition. The 89 responses came from 64 different households: 57 households in support and 7 households in opposition. An update to any responses received after August 31, 2020, will be provided at the at the Town Council meeting.

**DEVELOPMENT REVIEW BOARD RECOMMENDATION:**

On August 18, 2020, the Development Review Board (DRB) held a public hearing to consider the major development for the proposed commercial building at 111 W 5<sup>th</sup> Avenue. Based on testimony provided in the staff report and at the DRB public hearing, the DRB unanimously (4-0) recommended approval of the proposed major development as presented.
