

StoryWalk®

StoryWalk® is a fun, educational activity that places a children's story along a popular walking route in the community.

The StoryWalk® Project was created by Anne Ferguson of Montpelier, VT and developed in collaboration with the Vermont Bicycle & Pedestrian Coalition and the Kellogg Hubbard Library.

StoryWalk® promotes reading and outdoor physical activity for kids and families.

Activities lead kids and families on a trip through the community where the pages from the children's book chosen are displayed
