1/28/21 Meeting Minutes Approval:

Lloyd W. made motion to approved Minutes from 1/28/21, 2nd by ?

Review of 45% plans for stormwater drainage along Butler St, 6th and Forest:

John F. reviewed the plans for stormwater drainage on Butler St. from 6th down to and in Fernwood Park and then into Lake Butler. Estimated construction date start is 60-90 days. Plans are 45% complete.

George R. made motion, 2nd by Lloyd W. that LRP recommends moving forward based on the 45% plans for Butler from 6th to Fernwood Park, and along 6th to Forest as presented.

Bessie Stormwater Design:

Brandy Hanies expressed concerns for Bessie design (9th and Oakdale) about losing trees with 2nd draft plans. LRP had mistakenly included drawings with Butler Blvd package. She was informed that design for Bessie would begin tomorrow. She discussed her concerns so Tanya M. and John F. could advise engineers.

Tree Removal Permitting:

We discussed the enforcement of tree removal throughout the Town. We were told that a permit is no longer required. State has determined that the Town cannot enforce tree removal permitting.

Motion to adjourn by M. Rose and 2nd by John Fitzgibbon

Meeting was adjourned at 7:10 pm.
