

Windermere Historic Preservation Board

Minutes from the 1 Sept 2021 meeting

- Meeting called to order at 6:31 pm at the Historic Schoolhouse.
- A quorum was present with the following
 - George Poelker
 - Travis Bonnet
 - Joan Foglia
 - Mary Fran Howard
 - Jackie Rapport
 - Hannah Ammar
- The historic structure inspection sheet that Travis has been working on was discussed and tentatively approved with a few minor modifications. Final approval set for next meeting.
- Joan volunteered to chair the brick sales campaign. We have been in communication with Bricks R Us as the supplier and coordinator of the campaign.
- The location of the brick patio which will be built by an Eagle scout candidate was discussed and finalized. He will also be installing the old well head as a display. The location of that display was finalized, and it was decided that the current well is a danger and should be officially abandoned. Public works will contact Dobson's for an estimate to accomplish that task.
- Another Eagle scout will be building pathways from the patio to the front and back of the schoolhouse. The location of these pathways was finalized. She will also install a flagpole and a decision was made as to the location for it.
- The meeting was adjourned at 7:35pm.
