Public Workshop
April 6, 2023

Overview

Town Council approved a temporary diverter for a 90-day trial

Diverter was approved to move forward to a permanent concept after the 90-day trial

We have three concepts to consider today

Concept 1: Signage

- Remove the temporary barriers
- Keep the signs in place

Signage

“All Traffic Must Turn”

Concept 2: Divertor with Middle Pass-Through

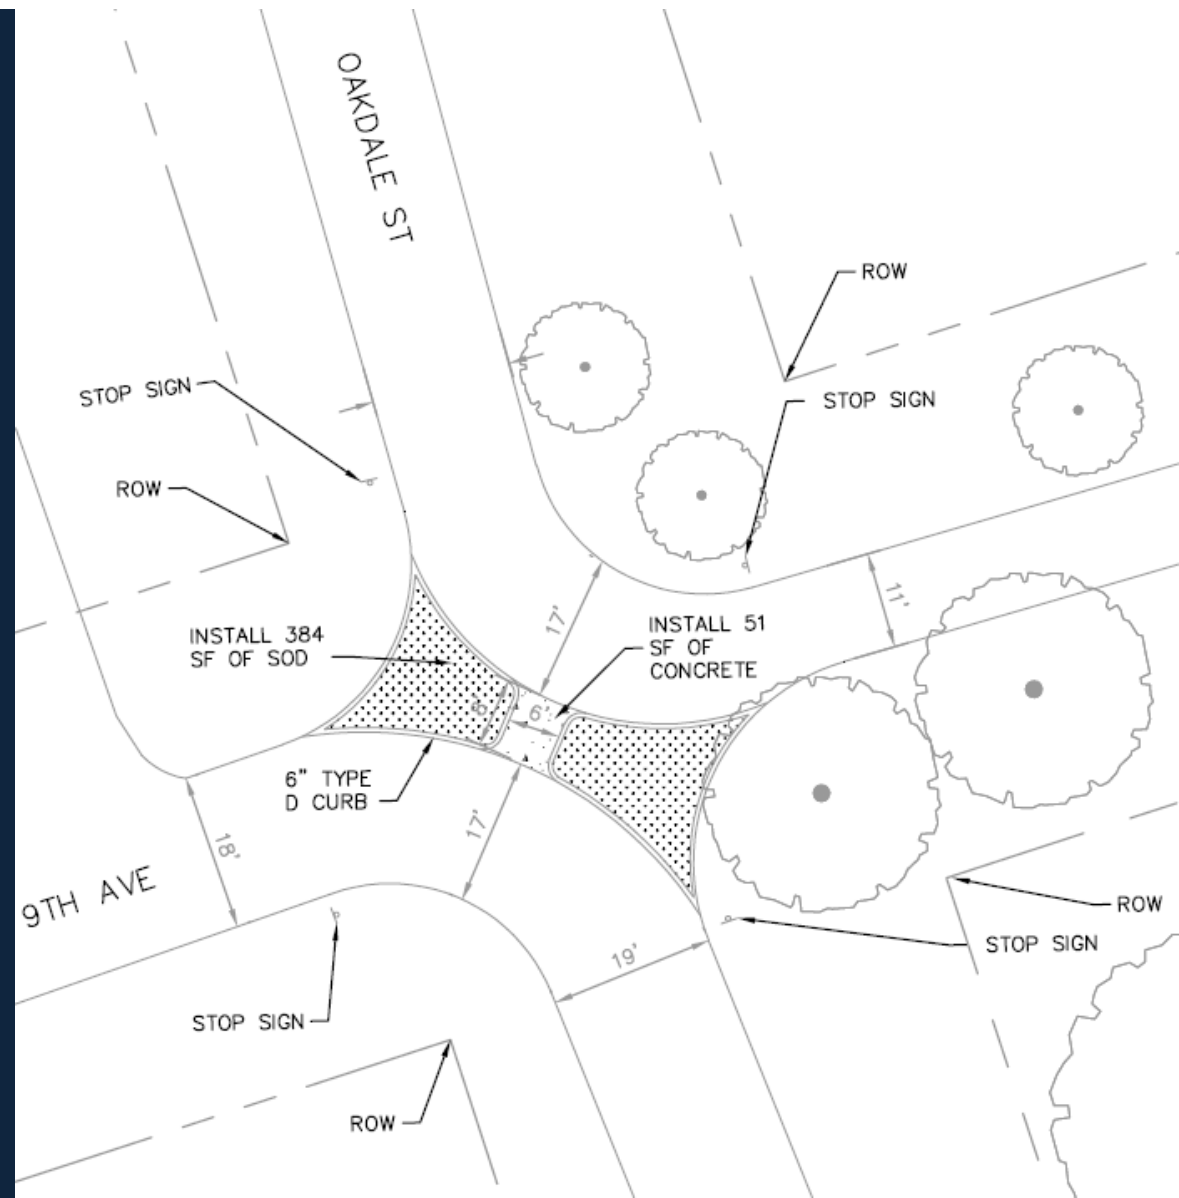

Pass-Through can be on the Northwest, Middle, or Southeast Side

Allows for golf carts, walkers, bike riders to pass through the diverter

Landscaping TBD: will be coordinated with the Garden Club

Middle Pass-Through: Plan View

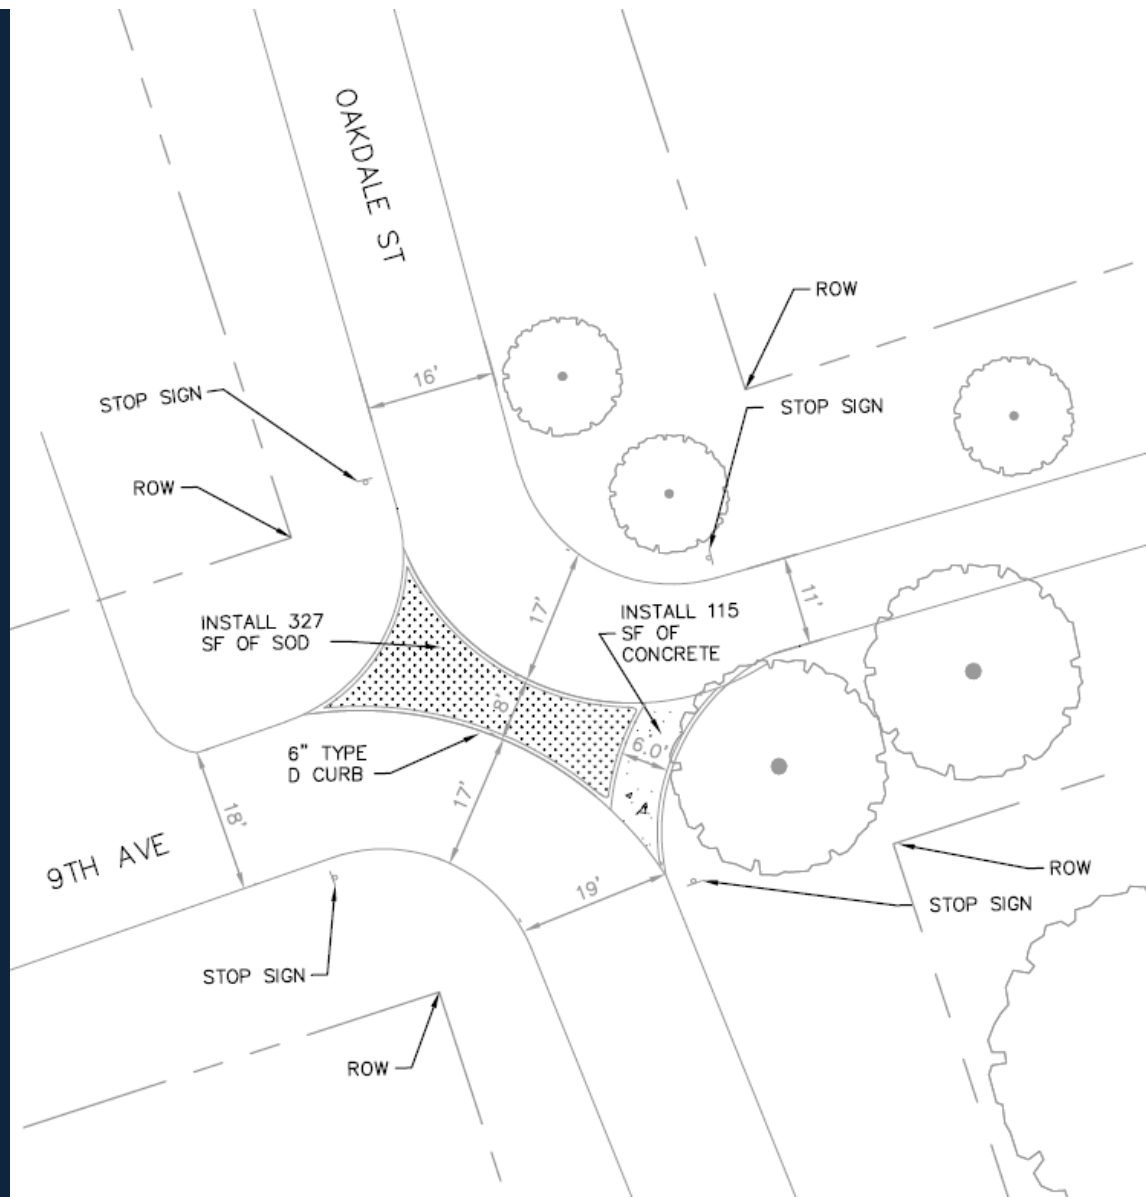

Concept 3: Diverter with Side Pass-Through: Southeast

Pass through on the side (vs middle) provides a larger area for plantings and is easier to build & maintain.

Southeast (vs Northwest):
better for drainage with less washout
better constructability

Diverter with South Side Pass-Through: Plan View

Southeast - 3d View (plantings TBD)

Southeast - 3d View (plantings TBD)

Southeast - 3d View (plantings TBD)

Thank you
