

Parks & Recreation Meeting Notes

June 8, 2023

5:00pm

Community Conference Room
614 Main Street
Windermere, FL 34786

Notes taken by P&R Member Sue Ann Reichard

We were joined by a local Boy Scout, Andrew Piatek, from Troop 225 who monitored the meeting for a badge requirement.

Nora will follow up with Orlando Health in regards to the renewal of their contract with RATL

A design was chosen for the 2023 RATL which includes a water skier representing the town's many water activities.

The metal sponsorship for 2023 RATL is \$5000. We need to fill this spot asap.

The committee discussed ideas for awards. An idea was presented by Sue Ann to consider larger, oversized medals for age categories. Nora passed around a custom wood license plate that Frew Sommer provided for consideration as well.

Sue Ann will shadow Nora to coordinate RATL advertising at WO Observer. Iggy Collazzo is out contact.

It was decided the tennis socials will be held on the first Wednesday of September, October and November. Cost will be \$150. Committee discussed if we should find a company to sponsor the event to cover the cost of a coach and water.

Sue Ann is working on signage for the courts and everyone agreed signs need to be streamlined and more concise.

Tennis camps are in progress. Marcelo has not had a great turnout so far this year.

Doug will organize an online meeting to discuss the current tennis league regulations.

It was decided that only three tennis leagues may play during one season.

We will appropriate money for a soccer goal along Forest Street.

I have written something about FREDP – a grant and something about a swing set.

Meeting was adjourned at 6:20
